

## KlenS™ Car Disinfectant

Just as maintaining a sanitized environment at home and at the workplace is crucial, so is ensuring clean surroundings in your vehicles. This is what makes KlenS™ disinfectants a must have accessory for all car owners. Apart from eliminating germs from car's interior surfaces, these disinfectants also spread a pleasing fragrance for an aromatic driving experience.

KlenS™ car disinfectant is a highly effective liquid-based antibacterial cleaner formulated using green Roupya Bhasma (Silver Equivalent in liquid form) extracted from herbs and other ingredients.

It instantly cleans and disinfects the vehicle thus restricting the growth of dust, fungus, bacteria, nicotine and other insects in the vehicle. It also removes bad smell problems in the A/C and avoids the proliferation of micro-organism and mildew in your vehicle system.

### Key Highlights of KlenS Car Disinfectant

- An eco-friendly product.
- It offers high disinfecting capabilities through its antimicrobial, antibacterial and antifungal properties.
